

## **FLU VACCINE**

Per CRMC's credentialing criteria, all providers working within the hospital are required to complete an online Flu Vaccine form annually to attest to receipt of vaccination or to convey declination of the vaccine. Should you decline to take the vaccine, you will be required to wear a mask when in our facility. Please use the following link to access and complete the Flu Vaccine form: <http://immutrack.hca.corpad.net/forms/view/landing>. You will be required to attach a copy of proof of the flu vaccination when completing the online form. Please contact the Medical Staff Office at 850-325-5363 or 850-325-5911, if you need assistance with this process.
